Current status

We are in Hungary way behind aspects, like

- Infrastructure penetration
- Number of vehicle fleets
- Regulations and subsidies

But, already visibly started ...and still in front of many surrounding nations...

Preparation was long

LNG infrastructure and industrial development action plan was introduced in our Parliament as early as in 2012

TEN-T project proposals were made in 2013 and in 2014

Finally PAN-LNG proposal for CEF Call in 2015

Also granted by CEF in 2016 the PAN-LNG-4-DANUBE Project as well the Clean Fuel Box Project
