Organizer

Motus Foundation

is a non-profit organization based in Gdynia, Poland. Organization aims to help transport & logistics and all the related sectors in running their business and becoming more sustainable. Motus tries to promote the development of innovative, environmentally friendly technologies and solutions supporting efficiency and better use of natural energy and production resources. We conduct research, organize seminars and conferences, deliver opinions, actively participate in projects, and support the legislative process which is in line with our agenda.

Partner

Baltic Ports Organization

The Baltic Ports Organization is a regional ports organization inspiring and supporting its members while cooperating pro-actively with relevant partners. BPO was established on October 10, 1991, in Copenhagen, with an aim to facilitate cooperation among the ports and to monitor and improve the possibilities for shipping in the Baltic Sea region.

Development over the past years has proceeded very quickly and at present BPO has entered a new, challenging, and exciting phase. Currently, the organization is comprised of 46 members representing the most significant ports and stakeholders in the Baltic Sea region. BPO is well-recognized within the BSR, in EU bodies, and in other European regions.
